Supervisors, With Touching Confidence, Give Free Hand to Moving Picture Men

Mayor Lane has signed the ordinance which passed its third reading before the board of supervisors some time ago, providing that managers of moving picture houses be put upon their own honor and judgment in the presentation of films which are educational or Biblical, for shows on Sunday evenings.

The mayor states in signing it that he believes the theater managers will not abuse the faith thus imposed in them, and that they can be depended upon in the choice of shows.

"Any attempt to take undue advantage of this new privilege would do them more harm than good," says the mayor, "for, after all, the public is the final judge in the matter."

Heretofore the question of Sunday films has been referred to the police committee of the board, who, in turn, handed back whatever decision they had made for the supervisors to vote upon.

## GREAT RUSSIAN MUSICAL TRIO TO PLAY HERE

Three great Russian artists—playing the cello, violin and piano, will appear in Honolulu in September, according to announcement today by Manager Adams of the Hawaiian Opera House. Leo, Jan and Mischel Cherniavsky have played in every city of importance in Europe, Asia, Africa and Australasia. The date of the inauguration of this world tour is a memorable day in the history of these young artists. It is over nine years since they first left Russia loaded with laurels won throughout the length and breadth of that land. In the intervals they have sought and achieved triumphs in Egypt, India, the Straits Settlements, the Far East, South Africa, East Africa, Italy, Austria-Hungary, Germany, Australasia, England and France. The extraordinary success they achieved recently in London is still fresh in the minds of music lovers. The fact that they still hold the record for the largest business achieved in several Asiatic, Australasian and African cities is a great tribute.

Speaking of their personality, the Musical Standard says: "Quite apart from their undoubted musical genius, there is a magnetic and compelling air about their personalities that stamps them as individuals quite distinct from the ordinary star artists."

All music lovers of Honolulu will look forward with keen pleasure to hearing these musical geniuses.

## MISS AYER AIDS JUDGE IN TRIAL OF ROBBER

A new precedent in the matter of interpreters was established by Circuit Judge Ashford this morning. When the case of Frank Gonsalves was called, no Spanish interpreter was available. The court then summoned Miss Mildred Ayer, daughter of a local physician, who translated indictments and put questions to the defendant with startling rapidity, resulting in a speedy closing of the matter. Gonsalves, who was indicted by the territorial grand jury yesterday afternoon, pleaded guilty to two charges of entering and robbing a local dry goods store. In each case he was sentenced to serve two years at hard labor in Oahu prison and pay the costs of the court. The sentences will run concurrently, meaning that he will be in prison at least two years.

## MANY SECRETARIES FOR Y. M. C. A. COMING SOON

With the arrival of Rolla K. Thomas, one of the new secretaries at the Y. M. C. A., on next Tuesday's boat, the local association men will begin a welcoming of secretaries, old and new, which is to last at the rate of one a week up to the early part of September.

"Thomas comes next Tuesday," said General Secretary Paul Super today, "and on the following Tuesday Secretary Whitcomb of Washburn College, Kansas, is due to arrive. Whitcomb will be followed by Mr. and Mrs. Lloyd Kilham, who return on the next Tuesday, which is August 10, accompanied by Secretary Steele, a new man from the University of Mississippi."

Secretary Glen Jackson and Mrs. Jackson are scheduled for the boat on Tuesday, August 17, and on August 31, two weeks later, Jay Urice will return. Mr. and Mrs. Floyd Emmons are booked to arrive September 16."

## RECENT VISITOR GIVES FINE LECTURE ON HAWAII

"Hawaii certainly must be a wonderful little country, with its beautiful trees, its blue hills, and its liquid sunshine," says the News of Fullerton, Calif., on July 2, in a comment on an illustrated lecture on Hawaii given the evening before by Rev. Frank Dowling, a recent visitor to Hawaii. The lecture was well illustrated with lantern slides loaned from the Hawaii building at the San Francisco fair.

## 'SUNNY JIM' ON JOB IN SEATTLE WITH SHRINERS

"Sunny Jim" McCandless of Honolulu was "on the job" at the Seattle Shrine convention, The Seattle Times of July 9 published Jim's picture, his countenance wreathed in the unfailing smile, and with it the following story:

Slipping into Seattle practically unheralded, James S. ("Sunny Jim") McCandless of Honolulu, Imperial marshal of the Mytic Shrine, arrived last night from San Francisco, the first of the members of the Imperial Divan to reach the city for the Imperial Council meeting next week.

McCandless, who this year will be advanced to Imperial second ceremonial master and in 1924, if all goes well, will be Imperial potentate, expressed enthusiastic approval of the splendid arrangements made for the reception and entertainment of the order.

Second only to the surprise caused by the unexpected arrival of the Imperial marshal was the receipt of a telegram announcing the arrival tonight of an unscheduled temple, Tebala of Rockford, Ill., which is bringing a party of 50 nobles, including a patrol, but which previously was thought unable to come.

Tebala Temple, which is coming on the North Coast Limited, will be the first to arrive, preceding three other temples which will come by steamship from Vancouver, B. C., later in the evening. The first intimation that it would be represented here was when Potentate J. A. Swallow of Nile Temple received the telegram announcing its coming.

Shortly after Tebala reaches the city, Akkar of Tulsa, Okla., Redoubt of Muskogee, and Miras of Pittsburg, Kan., will arrive and will be followed tomorrow by seven others. Chairman J. R. Grant of the visitors' committee completed final arrangements for receptions at noon today when he marshaled his scouts and went through a full rehearsal at the various railroad stations.

W. C. Bristol, past potentate of Al Kader temple, Portland, and representative at Imperial Council sessions for 14 years, reached the city last night, together with J. A. Ulrich, chief rabban of Islam temple, San Francisco. "Billy" Bristol, who is chief attorney at Portland for the Harri-man lines, is an avowed candidate for the important honor of Imperial outer guard, the only elective position open to the council session.

Behind him looms light Bristol will have the united Northwestern temples, and the fact that he withdrew from the race one year ago, when election seemed certain, to lend his support to Nile temple for the present council meeting has brought him great support from all corners of Shrinedom.

Among the men who will oppose him is Col. George Filmer, potentate of Islam temple, San Francisco, in whose interests Ulrich is in the city. The California temples have rallied solidly behind the San Francisco man and several other candidates, among them Forrest Adair, potentate of Ya-rab Temple, Atlanta, which entertained the convention last year, are expected to put up a merry fight.

## HENSHALL EXPLAINS HOW HAWAII FEELS ON FREE SUGAR QUESTION

That owners of sugar plantations in the Hawaiian Islands consider they will be practically put out of business if the tariff on sugar is removed, was the statement made by George F. Henshall, editor of the Hilo Tribune, at the St. Francis yesterday, says the Mercury of Madera, Cal., on July 3.

"According to the provisions of the new tariff bill," Henshall said, "sugar is to go on the free list next May and Hawaiian sugar planters feel that under the American immigration and labor laws they cannot compete with other sugar producing centers unless Congress decides not to remove the tariff."

"Because of the war, the price of sugar is abnormally high right now and the planters of Hawaii are prosperous, but they figure that as soon as peace comes, the price will drop and that, regardless of the war, the removal of the tariff on sugar would stimulate production in other countries, where labor can be procured at a cheaper rate."

## EIGHT HUNDRED FAT HOGS FOR ISLANDS FROM YAKIMA

"Acting for Fred Sander of Ellensburg and for himself," says the Herald of Yakima, Wash., July 7, "George A. Gue of this city has been engaged in getting together and seeing to the shipment of 800 hogs which have started from the Yakima valley for Honolulu."

"The animals are in the main stock hogs and represent all breeds, but are a fine lot of animals. From what can be learned they will be taken to the islands, where they will be fed on cannery plants and other industries of the sort."

## 'POLO NIGHT' AT HEINIE'S TAVERN TUESDAY EVENT

There is going to be an unusually brilliant time at Heinie's Tavern on next Tuesday evening.

It will be "Polo Night" at the popular resort and that means that Manager Heydenreich is arranging to have the members of the polo teams that are to open their championship season in this city tomorrow present with their ladies and friends for the dinner-dance. Manager Heydenreich has consulted with several members of the %Oahu team with reference to the event and they have taken enthusiastically to the plan. Following their lead there is no question but that the army team and the visitors from Maui will fall into line and be present with their ladies and friends.

This means that the society set of Honolulu, including the army and navy, will attend "Polo Night" in force, and anticipating one of the most select gatherings he has yet entertained at the Tavern, Manager Heydenreich is making elaborate preparations for the event. There will be the usual delicious dinner and cabaret concert, and afterwards dancing will be in order. The music will be specially selected for the occasion, the management planning to make "Polo Night" a memorable society event.

Don't forget the night (Tuesday), and the place (Heinie's Tavern), and make your dinner reservation at once.

There will also be the usual Friday night dinner-dance and cabaret singer at the Tavern this evening, which affords a pleasant evening to all who attend.—Adv.

Fifty thousand acres of cotton, and 10,000 acres of corn along the White river in Arkansas were submerged under four feet of water as a result of the rapid rise of the White river. Two lives have been lost and damage to cotton is estimated at \$250,000.

## WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather but due to a disordered condition of the blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the body better able to withstand the varying elements.

This is the underlying reason why the medicinal fats in Scott's Emulsion quickly overcome colds and build strength to prevent more serious sickness. It contains nature's medicinal fats, so skillfully prepared that the blood profits from every drop, and it is free from harmful drugs or alcohol.
